

idk if u followed anything going on last week but i did write these notes 2 benny that 4 1 kinda mention some things

https://docs.google.com/document/d/1Nnh_e-XbmTwZCCzPAmgachZ7oxYRIfXHv26vbiGTwB8/edit?usp=drivesdk

but 2 really get in2 it , back in may i became mutuals with sum1 who is rather infamous on nintwt nowadays [her name being lethal] . around may 20th , 2024 , lethal had drawn naked drawings of trent reznor as an art request from a follower of hers . benny and some others were talking very negatively abt lethal bc of this on their private accs and i had woken up in the middle of the night 2 see this . i got mildly upset , especially bc some of them were being straight up rude iirc , i even remember one of them insulting lethals art style and saying they couldnt have seen art uglier than hers . at the same time , lethal had made tweets claiming 2 have been being stalked and harassed by twitter users over the trent reznor drawings , i also saw that while i was asleep , she had somehow found a private acc of bennys that benny had nawt given out in public , as well as private accs belonging 2 others . this happened while i was asleep and i have ZERO IDEA how lethal found these accs . i will admit , i warned her abt these ppl that night as i was afraid they would or were contributing 2 the stalking of her since they were already talking shit , but thats all . despite the fact that lethal had OTHER mutuals besides me in common with them , they only targeted and signed me out as the one who did it and by the next day i realized one of them , adam , had blocked me on his private acc , and soft-blocked me on main . i saw adam as a rlly good friend and he was rather important 2 me and i was a bit hurt by this , i had decided 2 jst block him back bc last time someone soft blocked me in places , i was straight up abandoned later on , and i was getting heavy flashbacks 2 that and could only think of that person . i didnt rlly say anything abt him directly [tho they all claim i did] , i only made ONE vague vent on my deep priv abt feeling the need 2 block a friend b4 im left 4ever but i nevr once mentioned who said person was or hinted at it being adam and it was private anyway . however , later that day , i had found out adam had been tweeting abt me negatively on his priv , i couldnt see the tweets themselves , but i saw his qpp , solar , replying 2 them saying extremely nasty things , and this would go on that ENTIRE WEEK . i could easily piece together they were shit talking me and accusing me of leaking adams private tweets 2 lethal . solar called me a snake and said adam reasonably blocked me and i had no right 2 b upset [nawt in those exact words but y'know wut i mean !] i was told that they only started shit talking me bc i was making rude tweets abt adam , but that simply isnt true ! they started doing this BEFORE i even said one negative thing abt him and it was jst simply a reaction 2 being left , shit talked , and lied abt by ppl i thought i could trust and who i thought cared abt me . they had LIED & twisted the story 2 b the other way around

within maybe the first or second day of their shit talking , i noticed benny obviously siding with them and even replying “LOL” 2 solar during it . this also comes along

with my first straw with benny . she went and made art a drawing of her and adam, drew 2 drawings 4 another person, and one 4 a 3rd while purposely exludeding me and going on abt how great those friends, ESPECIALLY ADAM were only AFTER adam left me and started lying abt me and taking shit w his friends . then i jst didnt like how she'd constantly go on and on abt adam where i could see it . like she literally SPAMMED adam w qrts 1 day and 1 telling her followers 2 follow adam and all of this got on my tl . she was NEVR this aggressive w the adam shit prior 2 this all . she knew this was starting 2 trigger me a lot and then when i snapped and had a breakdown and called her the worst person ever she got mad at me and tried 2 make me look bad 4 it while guilt tripping me at the same time . then in early june , she began ignoring me 4 DAYS ON END while speaking 2 adam daily 4 HOURS . she told me she was isolating and when i said she couldve jst fucking told me she claimed she couldnt talk but she was talking 2 him non fucking stop . i think my final fucking straw was her dming sum1 im close 2 trying 2 make me look bad while also blaming me 4 everything and saying im nawt the victim and clearly taking her friends' side over my own while claiming shes neutral when its clear she isnt .

also they claim ive been stalking them bc i go 2 their profiles out of paranoia bc im convinced theyre turning ppl against me , or sending my friends out 2 spy on me , or that theyre going 2 make a public call-out and get everyone 2 leave me . hell , towards the beginning i was fucking HORRIFIED adam and solar were going 2 turn my ppl super close 2 me against me and get them 2 leave with me especially bc 2 of the ppl close 2 me r psychotic and easily believe shit and i was scared they'd use that 2 their advantage . i am jst paranoid theyre gojng 2 pull shit . meanwhile , theyve stalking me and have been since the beginning of this whole thing , nawt bc theyre paranoid ovr me [bc im nawt even doing anything in the first place] , but jst 2 be asshole stalkers ig . which brings me 2 smth that happened 2 weeks ago [iirc] . one of them , who was a mutual of mine actually , got on an alt on instagram & spent an entire night and day stalking my Instagram story and acc and got INCREDIBLY nasty when confronted [as shown here <https://drive.google.com/drive/folders/1NzL4qhD8NC2Rk3wbQQUbJBKMGCQkHtdI>]

most recently i typed a VERY SERIOUS vent where I mentioned wishing i could have more friends & that i felt like i had no one & shit . i also mentioned being suicidal & shit too

and solar decided 2 PUBLICALLY say NASTY shit in reaction 2 me being SUICIDAL and venting

also referred to me as a snake again to adam sometime before that. Not only that but within the same week as this, solar published an entire twitter thread LYING about me

another thing I'd like to point out is that the same dude that stalked my Instagram [ken] PUBLICALLY mocked me as well at one point

[edit 07/01/24 : keep in mind i am autistic & mostly take my typing style from both my interests & involuntarily as i'll mimic what others around me say & do without meaning to ..making fun of me for this just screams ableism , tho i'm not surprised the 1 who started this is autistic and says the slur constantly .]

and the way they've been treating everything only reminds someone I'm close to of their abusers. [i did not compare them to abusers myself, they said this is how they feel about themselves] they're doing the same shit people who have abused them did. and the way they've been treating me like dogshit is taking a great toll on my mental health and i have been self-harming and breaking down over it as well as having episodes and being paranoid and scared of everyone.

i can't remember anything else they've done other than continuously claim i'm in the wrong and they're the victims. and i don't know it's shitty.

edit 2:58am EST : i'd like to also state that benny found trent reznor's nsfw drawing by another artist to be absolutely hilarious and saw ZERO issue with it or the artist behind it, yet made lethal's art out to be a big deal with her friends. also weird that others can also be sexually attracted to trent but when lethal does it she's targeted. this leads lethal to believe she was being targeted because she is transgender and a

system . ontop of this , some of the ppl were transphobic towards lethal [calling her a dude and a they despite her being a trans girl] which is smth she has made incredibly obvious . its also clear they've been stalking lethal as well and jst being absolutely shitty towards her in particular but nawt anyone else who does the same or similar 2 her .

edit 07/01/24 1:16 am EST ; more claims from them . all false and lies . nothing new here !

as of rn theyre claiming im a stalker too again . 2 which ill say , i already explained this .

also these ppl were on me and sum1 im close 2's side [person mentioned prior who i'll call C now 4 more sense] when my ex friend [and my C's ex partner] was stalking us and claiming we were the stalkers 4 viewing his profile out of paranoia constantly , while theyre literally DOING THE SAME THING HE WAS DOING 2 ME RN w the stalking thing .

claiming i compared them 2 abusers : that was what C who went thru abuse by others said btw . THEY said these ppl remind them of their abusers !! theyre acting jst like c's abusers did . i nevr compared them 2 abusers myself .

calling a suicidal person a guilt tripper while defending ableism fuiled guilt tripping : yes i am the victim , and these ppl ARE making me suicidal . it is extremely nasty 2 call a suicidal person a guilt tripper & this is jst precious harassers of mine have done 2 me . ppl who have TRAUMATIZED me have said this shit 2 me . also this is abt benny who demonized me 4 having an episode relating 2 my VERY POSSIBLE BPD [i have like all the symptoms but am too scared 2 speak 2 a therapist . ive been looking in2 bpd 4 a LONG time and first suspected myself of having it four years ago] and proceeded 2 guilt trip me when talking 2 me abt a VENT i made during that episode .

more lying and jst disgusting shit : heres ken admitting 2 being proud of being nasty towards me & accusing me of shit 4 no reason !! how disgusting ! also claiming im lying abt his friends when theyre the ones lying abt me

as of updating this rn on 10/18/24 , solar called c dumb 4 believing me & implied i was manipulating them in2 taking my side when im nawt . theyre the ones lying . plus c is hurt by them too , if c decided 2 leave me one day , they'd still hate these ppl . she said this clear in august & i dont feel like checking but yeah . it was :/

10/20/24 : c did leave me a day after that last update & did say sum shit abt me but they did refuse 2 see mai side in everything new + THEY STILL DO NAWT LIKE NINTWT LUL literally they spoke negatively abt benny shortly b4 leaving me .
